

Stanford | Mathematics Camp

April 10, 2026

Dear Nijat Shikhaliyev,

Congratulations! We are delighted to offer you admission to the 2026 Stanford University Mathematics Camp (SUMaC). The mathematical talent and passion that you demonstrated in your application was impressive, and we are excited to have you join the SUMaC community. We received a record number of applications from very qualified students, and yours truly shined.

Based on your course preferences and your application materials, you have been admitted into the course Program I - Abstract Algebra & Number Theory, Session 1, Residential which will meet at Stanford University campus from June 21 - July 17.

To confirm your space in the residential summer 2026 program, you must accept or decline your offer of admission by **11:59pm Pacific Time on Friday, April 17, 2026**. If you choose to accept your offer of admission, you will need to complete your online Admission Response & Enrollment Agreement Form and submit the full tuition payment by 11:59pm Pacific Time on Friday, April 17, 2026.

Visit your Status Page for essential information and next steps to complete your enrollment. On your Status Page, you will be able to:

- Accept or decline your offer of admission
- If you accept, you will need to complete each section of the Enrollment Agreement form
- Submit payment for the program tuition balance

We encourage you to explore our [Participant Guide website](#), where you will find additional details about the program, registration and enrollment procedures, housing and dining details, and community expectations.

If you have questions that are not answered on the Participant Guide website, send an email to SPCS using [the Contact Form](#). We are answering our email Monday through Friday, and encourage you to reach out to us. We appreciate your patience.

We hope you will choose to share your talents and enthusiasm with our community this summer, and we look forward to hosting you on campus for Stanford University Mathematics Camp!

Sincerely,

Kimia Habibi
Director of Admissions and Financial Aid
Stanford Pre-Collegiate Studies
